

RT80 QUAD TRACTOR

Three-speed, shift-on-the-fly ground drive gives you more options as jobsite conditions change.

Standard cruise control helps you maintain optimal performance in many ground conditions.

3 Electronic potentiometers give you precise control of the ground drive speed and attachments.

Removable side panels provide easy access to all engine compartment maintenance points.

Turbocharged Deutz® Tier-4
diesel engine with 74 gross hp
(55.4 kW) and a compact
footprint enable it to do big
jobs in small places.

Standard rear steering feature for a tighter turn radius and better maneuverability.

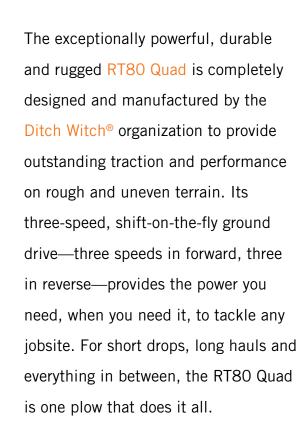

Innovative chevron-pattern tread puts more power on the ground for maximum productivity.

The completely Ditch Witch-designed and -manufactured Quad Track
System pivots about the centerline of the axle, maximizing ground contact.

Backfill blade arm has the same heavy-duty design as the RT115 Quad, for added strength and durability.

Tremendous axle capacity for a best-in-class static load rating of 39,000 lb (17,690 kg) and best-in-class 35,215 lb (13,944 kg) of breakout for

plowing applications.

WE'RE IN THIS TOGETHER.

FIND THE SUPPORT YOU NEED AT YOUR DITCH WITCH® DEALER, INCLUDING:

DIGGING SYSTEMS

Replacing worn digging system components is essential to maintaining maximum productivity from your trencher. See your dealer for genuine Ditch Witch chain, specially manufactured headshaft sprockets and digging teeth, which are designed to work together as a system to provide unparalleled trenching performance.

PARTS

Tires, rubber tracks, o-ring kits, decals, paint, filters, hydraulic cylinder kits, belts, and many other accessories and replacement parts are available at your local Ditch Witch dealership, where you'll also find expert advice that comes from years of experience in the underground construction industry.

SERVICE

Your Ditch Witch dealership offers professional service technicians who are extensively trained in every aspect of Ditch Witch equipment maintenance and repair. Ask a service representative about our Orange Armor® Planned Maintenance program, a schedule of maintenance at factory-suggested intervals that keeps your equipment in peak operating condition.
